## **I. BACKGROUND AND OVERVIEW**

The San Rafael City Schools physical assets help provide safe, healthy, and appropriate learning environments for students in San Rafael's public schools. The District's Board of Education has instituted several policies to ensure that we are first and foremost using District facilities for educational purposes for students. If a school facility or site is no longer needed for educational purposes for programming provided by the district, the District's Board of Education has confirmed that it is critical to consider the possibilities for maximizing revenue generation for the benefit of our students.

### **HISTORY OF MACPHAILS**

The site was originally declared surplus in 1979 upon the recommendation of a facilities advisory committee convened in the late 70's. The property was thereafter leased. Following the expiration of that lease in the early 90's, a new facilities advisory committee reaffirmed that the MacPhail site should remain surplus and recommended the District sell the property. The property was subsequently sold to a performing arts entity in 1994. That entity went bankrupt in 2004 and the property reverted to SRCS.

On June 4, 2007, the SRCS superintendent requested authorization from the Governing Board to establish a District Facility Advisory Committee (7-11 Committee) to study the surplus properties in the San Rafael City Schools portfolio, including again reconfirming the prior advisory committee's surplus recommendation and Board designation for the site.

The District Facility Advisory Committee held meetings from August 2007 through March 2008 and a Public Hearing was held on February 27, 2008 to provide an opportunity for community input. Through this process, the committee completed a report which includes input from the community, and their conclusions and recommendations regarding the several properties, including the MacPhails site. The final report was presented to the District's governing Board in March 2008. The minutes from the Board meeting reflect that although the 7-11 Committee final report was "accepted" by the Governing Board, no action was taken by the Board formally accepting the committee's recommendation to declare the MacPhails site "surplus" and/or to offer it for sale.

\*The District does NOT need to go through the 7-11 committee process again.

This RFP further defines the scope services sought from the professionals, firms, team and generally outlines the Project requirements.
