

**INDEPENDENT CONSULTANT AGREEMENT FOR  
PROFESSIONAL SERVICES  
(Civil Engineering and Land Surveying)**

This Independent Consultant Agreement for Civil Engineering and Land Surveying Services ("Agreement") is made and entered into as of the \_\_\_\_\_ day of \_\_\_\_\_, 202\_\_\_\_ by and between the San Rafael City Schools, ("District") and \_\_\_\_\_ ("Consultant"), (together, "Parties").

WHEREAS, Public Contract Code section 20111, subdivision (d), provides that professional services, requiring specialized knowledge, training, or skill, are not subject to public bidding requirements; and

WHEREAS, Government Code section 4526, authorizes District to contract with and employ any person(s) for the furnishing of architecture, landscape architecture, environmental, engineering, land surveying, and construction project management services on the basis of demonstrated competence and on the professional qualifications necessary for the satisfactory performance of the services required; and

WHEREAS, District duly determined that it needs some or all of the services (collectively, "Services") to be provided pursuant to this Agreement; and

WHEREAS, Consultant is specially trained, experienced, and competent to perform the Services required by District, as needed on the basis set forth in this Agreement.

NOW, THEREFORE, the Parties agree as follows:

1. **Services.** Consultant shall provide civil engineering and land surveying services as further described in **Exhibit A**, attached hereto and incorporated herein by this reference ("Services").
2. **Term.** Consultant shall commence providing services under this Agreement on \_\_\_\_\_, 20\_\_\_\_ and will diligently perform as required and complete performance by \_\_\_\_\_, 20\_\_\_\_ ("Term"), unless this Agreement is terminated and/or otherwise cancelled prior to that time.
3. **Submittal of Documents.** Consultant shall not commence the Services under this Agreement until Consultant has submitted and District has approved the documents, certificate(s) and affidavit(s), and endorsement(s) of insurance required as indicated below:  
  

<u>  X  </u>	Signed Agreement
<u>  X  </u>	Workers' Compensation Certification
<u>  X  </u>	Prevailing Wage Certification
<u>  X  </u>	Fingerprinting/Criminal Background Investigation Certification
<u>  X  </u>	Insurance Certificates and Endorsements
<u>  X  </u>	W-9 Form
4. **Compensation.** District agrees to pay Consultant for services satisfactorily rendered pursuant to this Agreement a total fee not to exceed \_\_\_\_\_ Dollars (\$\_\_\_\_\_). District shall pay Consultant according to the following terms and conditions:

- 4.1. Payment for the Services shall be made for all undisputed amounts based upon the delivery of the work product as determined by District. Payment shall be made within thirty (30) days after Consultant submits an invoice to District for Services actually completed and after District's written approval of the Services, or the portion of the Services for which payment is to be made.
  - 4.2. If Consultant works at more than one site, Consultant shall invoice for each site separately.
5. **Materials.** Consultant shall furnish, at its own expense, all labor, materials, equipment, supplies and other items necessary to complete the services to be provided pursuant to this Agreement.
6. **Expenses.** District shall not be liable to Consultant for any costs or expenses paid or incurred by Consultant in performing services for District.
7. **Independent Contractor.** Consultant represents and warrants that Consultant is an independent contractor or business entity that is: (i) free from the control and direction of District in connection with the performance of the Services, (ii) performing Services that are outside the usual course of District's business, and (iii) customarily engaged in an independently established trade, occupation, or business of the same nature as that involved in the Services performed, District being interested only in the results obtained. Consultant understands and agrees that it and all of its employees shall not be considered officers, employees, agents, partner, or joint venture of District, and are not entitled to benefits of any kind or nature normally provided employees of District and/or to which District's employees are normally entitled, including, but not limited to, State Unemployment Compensation or Worker's Compensation. Consultant shall assume full responsibility for payment of all federal, state and local taxes or contributions, including unemployment insurance, social security and income taxes with respect to Consultant's employees.
8. **Performance of Services.**
  - 8.1. **Standard of Care.** Consultant represents that Consultant has the qualifications and ability to perform the Services in a professional manner, without the advice, control or supervision of District. Consultant's services will be performed, findings obtained, reports and recommendations prepared in accordance with generally and currently accepted principles and practices of its profession for services to California school districts.
  - 8.2. **Due Diligence.** Consultant shall carefully study and compare all documents, findings, and other instructions and shall at once report to District, in writing, any error, inconsistency, or omission that Consultant or its employees may discover. Consultant shall have responsibility for discovery of errors, inconsistencies, or omissions.
  - 8.3. **Meetings.** Consultant and District agree to participate in meetings to discuss strategies, timetables, implementations of services, and any other issues deemed relevant to the operation of Consultant's performance of Services.
  - 8.4. **District Approval.** The Services completed herein must meet the approval of District and shall be subject to District's general right of inspection and supervision to secure the satisfactory completion thereof.

8.5. **New Project Approval.** Consultant and District recognize that Consultant's Services may include working on various Projects for District. Consultant shall obtain the approval of District prior to the commencement of a new Project.

9. **Originality of Services.** Except as to standard generic details, Consultant agrees that all technologies, formulae, procedures, processes, methods, writings, ideas, dialogue, compositions, recordings, teleplays and video productions prepared for, written for, or submitted to District and/or used in connection with this Agreement, shall be wholly original to Consultant and shall not be copied in whole or in part from any other source, except that submitted to Consultant by District as a basis for such services.

10. **Ownership of Data.** Pursuant to Education Code section 17316, this Agreement creates a non-exclusive and perpetual license for District to use, at its discretion, all plans including, but not limited to, record drawings, specifications, estimates and other documents that Consultant prepared or caused to be prepared pursuant to this Agreement. Consultant retains all rights to all copyrights over designs and other intellectual property embodied in the plans, record drawings, specifications, estimates, and other documents that Consultant prepares or causes to be prepared pursuant to this Agreement.

In the event District changes or uses any fully or partially completed documents without Consultant's knowledge or participation or both, District agrees to release Consultant of responsibility for such changes, and shall hold Consultant harmless from and against any and all claims on account of any damages or losses to property or persons, or economic losses, arising out of that change or use, unless Consultant is found to be liable in a forum of competent jurisdiction. In the event that District uses any fully or partially completed documents without Consultant's full involvement, District shall remove all title blocks and other information that might identify Consultant.

11. **Audit.** Consultant shall establish and maintain books, records, and systems of account, in accordance with generally accepted accounting principles, reflecting all business operations of Consultant transacted under this Agreement. Consultant shall retain these books, records, and systems of account during the Term of this Agreement and for five (5) years thereafter. Consultant shall permit District, its agent, other representatives, or an independent auditor to audit, examine, and make excerpts, copies, and transcripts from all books and records, and to make audit(s) of all billing statements, invoices, records, and other data related to the Services covered by this Agreement. Audit(s) may be performed at any time, provided that District shall give reasonable prior notice to Consultant and shall conduct audit(s) during Consultant's normal business hours, unless Consultant otherwise consents.

12. **Disputes.** In the event of a dispute between the parties as to performance of the Services, the interpretation of this Agreement, or payment or nonpayment for work performed or not performed, the parties shall attempt to resolve the dispute in good faith. Pending resolution of the dispute, Consultant agrees it will neither rescind the Agreement nor stop the performance of the Services, but will allow determination by the court of the State of California, in the county in which District's administration office is located, having competent jurisdiction of the dispute. Disputes may be determined by mediation if mutually agreeable, otherwise by litigation. Notice of the demand for mediation of a dispute shall be filed in writing with the other party to the Agreement. The demand for mediation shall be made within a reasonable time after written notice of the dispute has been provided to the other party, but in no case longer than ninety (90) days after initial

written notice. If a claim, or any portion thereof, remains in dispute upon satisfaction of all applicable dispute resolution requirements, Consultant shall comply with all claims presentation requirements as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of Government Code as a condition precedent to Consultant's right to bring a civil action against District. For purposes of those provisions, the running of the time within which a claim must be presented to District shall be tolled from the time Consultant submits its written claim until the time the claim is denied, including any time utilized by any applicable meet and confer process.

### **13. Termination.**

**13.1. For Convenience by District.** District may, at any time, with or without reason, terminate this Agreement for its own convenience and compensate Consultant only for services satisfactorily rendered to the date of termination. Written notice by District shall be sufficient to stop further performance of services by Consultant. Notice shall be deemed given when received by Consultant or no later than three (3) days after the day of mailing, whichever is sooner.

**13.2. With Cause by District.** District may terminate this Agreement upon giving of written notice of intention to terminate for cause. Cause shall include:

13.2.1. material violation of this Agreement by Consultant; or

13.2.2. any act by Consultant exposing District to liability to others for personal injury or property damage.

Written notice by District shall contain the reasons for such intention to terminate. Unless within three (3) calendar days after that notice the condition or violation shall cease, or satisfactory arrangements for the correction thereof be made, this Agreement shall upon the expiration of the three (3) calendar days cease and terminate. In the event of this termination, District may secure the required services from another Consultant. If expenses, fees, and/or costs to District exceed the cost of providing the service pursuant to this Agreement, Consultant shall immediately pay the excess expenses, fees, and/or costs to District upon the receipt of District's notice of these expense, fees, and/or costs. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to District.

### **14. Indemnification.**

**14.1.** To the furthest extent permitted by California law, Consultant shall indemnify and hold harmless District, its Governing Board, agents, representatives, officers, consultants, employees, trustees, and volunteers (the "Indemnified Parties") from any and all claims arising out of, pertaining to, or relating to the negligence, recklessness, or willful misconduct of Consultant ("Claim"). Consultant shall, to the furthest extent permitted by California law, defend the Indemnified Parties at Consultant's own expense, including attorneys' fees and costs, from any and all Claim(s) and allegations relating thereto. District shall have the right to accept or reject any legal representation that Consultant proposes to defend the Indemnified Parties. Whereas the cost to defend the Indemnified Parties charged to Consultant shall not exceed the proportionate percentage of Consultant's fault as determined by a court of competent jurisdiction, any amounts paid in excess of such established fault will be reimbursed by District. Notwithstanding the previous sentence, in the

event one or more defendants is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, the design professional shall meet and confer with other parties regarding unpaid defense costs.

- 14.2. Consultant shall pay and satisfy any judgment, award, or decree that may be rendered against the Indemnified Parties in any Claim, subject to section 14.1 above. Consultant's obligation pursuant to this Article includes reimbursing District for the cost of any settlement paid by the Indemnified Parties and for any and all fees and costs, including but not limited to legal fees and costs, expert witness fees, and consultant fees, incurred by the Indemnified Parties in the defense of any Claim(s) and to enforce the indemnity herein, subject to section 14.1 above. Consultant's obligation to indemnify shall not be restricted to insurance proceeds.
- 14.3. District may withhold any and all costs that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Consultant from amounts owing to Consultant.

## 15. Insurance.

- 15.1. **Coverage.** Consultant shall procure and maintain at all times it performs any portion of the Services the following insurance with minimum limits equal to the amount indicated below.

Type of Coverage	Minimum Requirement

- 15.1.1. **Commercial General Liability and Automobile Liability Insurance.** Commercial General Liability Insurance and Any Auto Automobile Liability Insurance that shall protect Consultant, District, and the State from all claims of bodily injury, property damage, personal injury, death, advertising injury, and medical payments arising performing any portion of the Services. (Form CG 0001 and CA 0001, or forms substantially similar, if approved by District.)
- 15.1.2. **Workers' Compensation and Employer's Liability Insurance.** Workers' Compensation Insurance and Employer's Liability Insurance for all of its employees performing any portion of the Services. In accordance with provisions of section 3700 of the California Labor Code, Consultant shall be required to secure workers' compensation coverage for its employees. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of District for all work performed by Consultant, its employees, agents and subcontractors. If any class of employee or

employees engaged in performing any portion of the Services under this Agreement are not protected under the Workers' Compensation Statute, adequate insurance coverage for the protection of any employee(s) not otherwise protected must be obtained before any of those employee(s) commence performing any portion of the Services.

- 15.1.3. **Professional Liability (Errors and Omissions).** Professional Liability Insurance as appropriate to Consultant's profession, coverage to continue through completion of construction plus three (3) years thereafter.

- 15.2. **Proof of Carriage of Insurance.** Consultant shall not commence performing any portion of the Services until all required insurance has been obtained and certificates indicating the required coverage have been delivered in duplicate to District and approved by District. Certificates and insurance policies shall include the following:

- 15.2.1. Language stating in particular those insured, extent of insurance, location and operation to which insurance applies, expiration date, to whom cancellation and reduction notice will be sent, and length of notice period.

- 15.2.2. A clause stating: "This policy shall not be canceled or reduced in required limits of liability or amounts of insurance until notice has been mailed to District, stating date of cancellation or reduction. Date of cancellation or reduction shall not be less than thirty (30) days after date of mailing notice."

- 15.2.3. An endorsement stating that District and its Board of Trustees, agents, representatives, employees, trustees, officers, consultants, and volunteers are named additional insured under all policies except Workers' Compensation Insurance, Professional Liability, and Employers' Liability Insurance. An endorsement stating that Consultant's insurance policies shall be primary to any insurance or self-insurance maintained by District. An endorsement stating that there shall be a waiver of any subrogation.

- 15.2.4. All policies except the Professional Liability, Workers' Compensation Insurance, and Employer's Liability Insurance Policies shall be written on an occurrence form.

- 15.3. **Acceptability of Insurers.** Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to District.

- 15.4. If Consultant normally carries insurance in an amount greater than the minimum amounts required herein, that greater amount shall become the minimum required amount of insurance for purposes of the Agreement. Therefore, Consultant hereby acknowledges and agrees that all insurance carried by it shall be deemed liability coverage for all actions it performs in connection with the Agreement.

- 16. **Compliance with Laws.** Consultant shall observe and comply with all rules and regulations of the governing board of District and all federal, state, and local laws, ordinances and regulations. Consultant shall give all notices required by any law, ordinance, rule and regulation bearing on conduct of the Services as indicated or specified. If Consultant observes that any of the Services required by this Contract is at variance with any such laws, ordinance, rules or regulations, Consultant shall notify District, in writing, and, at the sole option of District, any necessary changes to the scope of the Services shall be made and this Agreement shall be appropriately amended in writing, or

this Agreement shall be terminated effective upon Consultant's receipt of a written termination notice from District. If Consultant performs any Services that is in violation of any laws, ordinances, rules or regulations, without first notifying District of the violation, Consultant shall bear all costs arising therefrom.

16.1. **Labor Code Requirements:** Consultant shall comply with all applicable provisions of the California Labor Code, Division 3, Part 7, Chapter 1, Articles 1 – 5, including, without limitation, the payment of the general prevailing per diem wage rates for public work projects of more than one thousand dollars (\$1,000). Copies of the prevailing rate of per diem wages are on file with District.

16.1.1. **Registration:** If applicable, before a public works contract can be awarded, Consultant and its subcontractor(s) shall be registered with the Department of Industrial Relations in accordance with Labor Code section 1771.1. At least one week before commencing work, Consultant shall provide to District the name and DIR registration number for Consultant and any applicable subcontractor.

16.1.2. **Certified Payroll Records:** Consultant and its subcontractor(s) shall keep accurate certified payroll records of workers and shall electronically submit certified payroll records directly to the Department of Industrial Relations weekly or within ten (10) days of any request by District or the Department of Industrial Relations.

16.1.3. **Labor Compliance:** Consultant shall perform the Services of the Project while complying with all the applicable regulations, including section 16000, et seq., of Title 8 of the California Code of Regulations and is subject to labor compliance monitoring and enforcement by the Department of Industrial Relations.

17. **Certificates/Permits/Licenses/Registrations.** Consultant and all Consultant's employees or agents shall secure and maintain in force such certificates, permits, licenses, and registrations as are required by law in connection with the furnishing of Services pursuant to this Agreement.

18. **Anti-Discrimination.** It is the policy of District that in connection with all work performed under contracts there be no discrimination against any employee engaged in the work because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, reproductive health decision making, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or veteran or military status and therefore Consultant agrees to comply with applicable Federal and California laws including, but not limited to the California Fair Employment and Housing Act beginning with Government Code Section 12900 and Labor Code Section 1735 and District policy. In addition, Consultant agrees to require like compliance by all of its subcontractor(s).

19. **Fingerprinting of Employees.** The Fingerprinting/Criminal Background Investigation Certification must be completed and attached to this Agreement prior to Consultant's performing of any portion of the Services. Consultant expressly acknowledges that the following conditions shall apply to any work performed by Consultant and/or Consultant's employees on a school site:

19.1. All site visits shall be arranged through District;

- 19.2. Consultant and Consultant's employees shall inform District of their proposed activities and location at the school site, allowing District time to arrange site visits without a disruption to the educational process;
- 19.3. Consultant and/or Consultant's employees shall check in with the school office each day immediately upon arriving at the school site;
- 19.4. Once at such location, Consultant and Consultant's employees shall not change locations without contacting District;
- 19.5. Consultant and Consultant's employees shall not use student restroom facilities; and
- 19.6. If Consultant and Consultant's employees find themselves alone with a student, Consultant and Consultant's employees shall immediately contact the school office and request that a member of the school staff be assigned to the work location.
20. **No Rights in Third Parties.** This Agreement does not create any rights in, or inure to the benefit of, any third party except as expressly provided herein.
21. **District's Evaluation of Consultant and Consultant's Employees and/or Subcontractors.** District may evaluate Consultant in any way District is entitled pursuant to applicable law. District's evaluation may include, without limitation:
- 21.1. Requesting that District employee(s) evaluate Consultant and Consultant's employees and subcontractors and each of their performance.
- 21.2. Announced and unannounced observance of Consultant, Consultant's employee(s), and/or subcontractor(s).
22. **Limitation of District Liability.** Other than as provided in this Agreement, District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event, shall District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement for the services performed in connection with this Agreement.
23. **Confidentiality.** Consultant and all Consultant's agents, personnel, employee(s), and/or subcontractor(s) shall maintain the confidentiality of all information received in the course of performing the Services. Consultant understands that student records are confidential and agrees to comply with all state and federal laws concerning the maintenance and disclosure of student records. This requirement to maintain confidentiality shall extend beyond the termination of this Agreement.
24. **Notice.** Any notice required or permitted to be given under this Agreement shall be deemed to have been given, served, and received if given in writing and either personally delivered or deposited in the United States mail, registered or certified mail, postage prepaid, return receipt required, or sent by overnight delivery service, or facsimile transmission, addressed as follows:

Any notice personally given or sent by facsimile transmission shall be effective upon receipt. Any notice sent by overnight delivery service shall be effective the business day next following delivery thereof to the overnight delivery service. Any notice given by mail shall be effective three (3) days after deposit in the United States mail.

25. **Assignment.** The obligations of Consultant pursuant to this Agreement shall not be assigned by Consultant. Any such assignment shall be null and void.
26. **Integration/Entire Agreement of Parties.** This Agreement constitutes the entire agreement between the Parties and supersedes all prior discussions, negotiations, and agreements, whether oral or written. This Agreement may be amended or modified only by a written instrument executed by both Parties.
27. **California Law.** This Agreement shall be governed by and the rights, duties and obligations of the Parties shall be determined and enforced in accordance with the laws of the State of California. The Parties further agree that any action or proceeding brought to enforce the terms and conditions of this Agreement shall be maintained in the county in which District's administrative offices are located.
28. **Waiver.** The waiver by either party of any breach of any term, covenant, or condition herein contained shall not be deemed to be a waiver of such term, covenant, condition, or any subsequent breach of the same or any other term, covenant, or condition herein contained.
29. **Severability.** If any term, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions will nevertheless continue in full force and effect, and shall not be affected, impaired or invalidated in any way.
30. **Provisions Required By Law Deemed Inserted.** Each and every provision of law and clause required by law to be inserted in this Agreement shall be deemed to be inserted herein and this Agreement shall be read and enforced as though it were included therein.
31. **Authority to Bind Parties.** Neither party in the performance of any and all duties under this Agreement, except as otherwise provided in this Agreement, has any authority to bind the other to any agreements or undertakings.
32. **Attorney Fees/Costs.** Should litigation be necessary to enforce any terms or provisions of this Agreement, then each party shall bear its own litigation and collection expenses, witness fees, court costs and attorney's fees.
33. **Captions and Interpretations.** Paragraph headings in this Agreement are used solely for convenience, and shall be wholly disregarded in the construction of this Agreement. No provision of this Agreement shall be interpreted for or against a party because that

party or its legal representative drafted such provision, and this Agreement shall be construed as if jointly prepared by the Parties.

34. **Calculation of Time.** For the purposes of this Agreement, "days" refers to calendar days unless otherwise specified.
35. **Signature Authority.** Each party has the full power and authority to enter into and perform this Agreement, and the person signing this Agreement on behalf of each Party has been properly authorized and empowered to enter into this Agreement.
36. **Counterparts.** This Agreement may be executed in one or more counterparts, and all counterparts together shall be construed as one document. A facsimile or electronic signature shall be deemed to be the equivalent of the actual original signature. All counterparts so executed shall constitute one Agreement binding all the Parties hereto.
37. **Incorporation of Recitals and Exhibits.** The Recitals and each exhibit attached hereto are hereby incorporated herein by reference.

**EXHIBIT A**  
**DESCRIPTION OF SERVICES TO BE PERFORMED BY CONSULTANT**

**1. SERVICES GENERALLY**

1.1. Consultant shall be responsible for preparing accurate, unambiguous and modern metes and bounds descriptions for each parcel of land being acquired or surveyed that includes the coordinate values of the survey's point of beginning and corresponds to the survey, written in the same bearing system as the survey to be used, with a reduced copy of the survey plan attached, in the deeds of conveyance; marking the location of the parcels on the ground; locating and mapping any natural and man-made physical features as may be found on the parcels; measuring the property lines and determining the area of the parcels; providing a plan depicting the findings of the survey; identifying any conflicts with adjoining deeds, locating and providing dimensions for any encroachments affecting the parcels, and showing these findings in detail in the plan depicting the survey findings; locating and identifying easements, locatable restrictions, and right-of-way lines affecting the parcels; preparing a record of survey map, if required; assisting in the fair market value appraisal process by providing information regarding suitability of the parcels for a particular purpose or providing notice when size, shape, area, condition, utility, marketability and insurability or location and extent of encroachments of the parcels are factors in the acquisition process; and resolving or explaining issues that serve to eliminate patent and latent deed ambiguities as may exist in the description found in the present deeds of record.

1.2. Deliverables include:

1.2.1. 5 wet-signed prints at suitable scale in 24"x36" sheet format.

**2. SURVEY**

Consultant shall conduct and provide the following Survey:

2.1. Aerial Survey – Consultant shall provide Aerial Surveys as requested by District according to the terms and conditions of this Agreement. An Aerial Survey will consist of a Topographic Survey drafted at a scale of 1" – 20' and will be based on aerial photogrammetry. This survey will show the location of aeri ally visible tree canopies, structures, walkways, fences, play fields, adjacent roadways and surface utility information within the project areas. The location of visible surface utility vaults, manholes and catch basins will also be shown. The location of underground utility lines will not be shown. Contours will be shown at one (1) foot intervals or as appropriate to clearly define the slopes. Spot elevations will be shown to an accuracy of 0.1 (on tenth) of a foot. This document will serve as the base for all future survey data.

**3. COLOR AERIAL PHOTOS FOR DISTRICT STUDIES AND PRESENTATION USE**

3.1. Color Aerial Photo – Included in the aerial survey work is a color photo of each school campus. The photo will be provided in digital format and plotted on high gloss photo paper. The photo limits will extent approximately 500' beyond the limits of each campus.

**4. COMPREHENSIVE UNDERGROUND UTILITY SURVEYS**

- 4.1. Consultant shall contract with an underground utility locator to mark utilities within the boundaries of each school site. The utilities will be marked with paint and then collected by surveyors. The data will then be added to the base aerial CADD drawing.

## **5. COMPREHENSIVE BOUNDARY SURVEYS**

- 5.1. Consultant shall perform a boundary survey of the subject properties to establish the calculated location of existing property lines. Upon completion of office analysis of the field data, Consultant shall prepare a drawing showing the boundaries and known, plottable easements.

## **6. SUPPLEMENTAL SURVEYS TO ACCOMPLISH THE ABOVE SURVEY TASKS**

- 6.1. Consultant shall collect supplemental survey data on each campus as needed to compliment the aerial and utility data. This data will then be added to the base CADD drawing.

## **7. TITLE REPORTS**

- 7.1. Consultant shall contract with a local title company to acquire current title reports for each property. The title reports will contain the legal descriptions for the subject property and all known easements affecting said property.

## **8. OTHER SUPPLEMENTAL SERVICES**

- 8.1. Consultant shall provide supplemental services requested by District on a Time and Materials basis pursuant to the hourly rate schedules in **Exhibit "B."**

**EXHIBIT "C"  
MINIMUM STANDARD DETAIL REQUIREMENTS FOR ALTA/NSPS LAND TITLE  
SURVEYS**

**MINIMUM STANDARD DETAIL REQUIREMENTS FOR  
ALTA/NSPS LAND TITLE SURVEYS**  
(Effective February 23, 2021)

1. **Purpose** - Members of the American Land Title Association® (ALTA®) have specific needs, unique to title insurance matters, when asked to insure title to land without exception as to the many matters which might be discoverable from survey and inspection, and which are not evidenced by the public records.

For a survey of real property, and the plat, map or record of such survey, to be acceptable to a title insurance company for the purpose of insuring title to said real property free and clear of survey matters (except those matters disclosed by the survey and indicated on the plat or map), certain specific and pertinent information must be presented for the distinct and clear understanding between the insured, the client (if different from the insured), the title insurance company (insurer), the lender, and the surveyor professionally responsible for the survey.

In order to meet such needs, clients, insurers, insureds, and lenders are entitled to rely on surveyors to conduct surveys and prepare associated plats or maps that are of a professional quality and appropriately uniform, complete, and accurate. To that end, and in the interests of the general public, the surveying profession, title insurers, and abstracters, the ALTA and the NSPS jointly promulgate the within details and criteria setting forth a minimum standard of performance for ALTA/NSPS Land Title Surveys. A complete 2021 ALTA/NSPS Land Title Survey includes:

- (i) the on-site fieldwork required pursuant to Section 5,
- (ii) the preparation of a plat or map pursuant to Section 6 showing the results of the fieldwork and its relationship to documents provided to or obtained by the surveyor pursuant to Section 4,
- (iii) any information from Table A items requested by the client, and
- (iv) the certification outlined in Section 7.

2. **Request for Survey** - The client shall request the survey, or arrange for the survey to be requested, and shall provide a written authorization to proceed from the person or entity responsible for paying for the survey. Unless specifically authorized in writing by the insurer, the insurer shall not be responsible for any costs associated with the preparation of the survey. The request must specify that an "ALTA/NSPS LAND TITLE SURVEY" is required and which of the optional items listed in Table A, if any, are to be incorporated. Certain properties or interests in real properties may present issues outside those normally encountered on an ALTA/NSPS Land Title Survey (e.g., marinas, campgrounds, mobile home parks; easements, leases, mineral interests, other non-fee simple interests). The scope of work related to surveys of such properties or interests in real properties should be discussed with the client, lender, and insurer, and agreed upon in writing prior to commencing work on the survey. When required, the client shall secure permission for the surveyor to enter upon the property to be surveyed, adjoining properties, or offsite easements.

3. **Surveying Standards and Standards of Care**

- A. **Effective Date** - The 2021 Minimum Standard Detail Requirements for ALTA/NSPS Land Title Surveys are effective February 23, 2021. As of that date, all previous versions of the Minimum Standard Detail Requirements for ALTA/ACSM or ALTA/NSPS Land Title Surveys are superseded by these standards.
- B. **Other Requirements and Standards of Practice** - Many states and some local jurisdictions have adopted statutes, administrative rules, and/or ordinances that set out standards regulating the practice of surveying within their jurisdictions. In addition to the standards set forth herein, surveyors must also conduct their surveys in accordance with applicable jurisdictional survey requirements and standards of practice. Where conflicts between the standards set forth herein

and any such jurisdictional requirements and standards of practice occur, the more stringent must apply.

- C. **The Normal Standard of Care** - Surveyors should recognize that there may be unwritten local, state, and/or regional standards of care defined by the practice of the "prudent surveyor" in those locales.
- D. **Boundary** - The boundary lines and corners of any property or interest in real property being surveyed (hereafter, the "surveyed property" or "property to be surveyed") as part of an ALTA/NSPS Land Title Survey must be established and/or retraced in accordance with appropriate boundary law principles governed by the set of facts and evidence found in the course of performing the research and fieldwork.
- E. **Measurement Standards** - The following measurement standards address Relative Positional Precision for the monuments or witnesses marking the corners of the surveyed property.
  - i. "Relative Positional Precision" means the length of the semi-major axis, expressed in meters or feet, of the error ellipse representing the uncertainty in the position of the monument or witness marking any boundary corner of the surveyed property relative to the position of the monument or witness marking an immediately adjacent boundary corner of the surveyed property resulting from random errors in the measurements made in determining those positions at the 95 percent confidence level. Relative Positional Precision can be estimated by the results of a correctly weighted least squares adjustment of the survey. Alternatively, Relative Positional Precision can be estimated by the standard deviation of the distance between the monument or witness marking any boundary corner of the surveyed property and the monument or witness marking an immediately adjacent boundary corner of the surveyed property (called local accuracy) that can be computed using the full covariance matrix of the coordinate inverse between any given pair of points, understanding that Relative Positional Precision is based on the 95 percent confidence level, or approximately 2 standard deviations.
  - ii. Any boundary lines and corners established or retraced may have uncertainties in location resulting from (1) the availability, condition, history and integrity of reference or controlling monuments, (2) ambiguities in the record descriptions or plats of the surveyed property or its adjoiners, (3) occupation or possession lines as they may differ from the written title lines, or (4) Relative Positional Precision. Of these four sources of uncertainty, only Relative Positional Precision is controllable, although, due to the inherent errors in any measurement, it cannot be eliminated. The magnitude of the first three uncertainties can be projected based on evidence; Relative Positional Precision is estimated using statistical means (see Section 3.E.i. above and Section 3.E.v. below).
  - iii. The first three of these sources of uncertainty must be weighed as part of the evidence in the determination of where, in the surveyor's opinion, the boundary lines and corners of the surveyed property should be located (see Section 3.D. above). Relative Positional Precision is a measure of how precisely the surveyor is able to monument and report those positions; it is not a substitute for the application of proper boundary law principles. A boundary corner or line may have a small Relative Positional Precision because the survey measurements were precise, yet still be in the wrong position (i.e., inaccurate) if it was established or retraced using faulty or improper application of boundary law principles.
  - iv. For any measurement technology or procedure used on an ALTA/NSPS Land Title Survey, the surveyor must (1) use appropriately trained personnel, (2) compensate for systematic errors, including those associated with instrument calibration, and (3) use appropriate error propagation and measurement design theory (selecting the proper instruments, geometric layouts, and field and computational procedures) to control random errors such that the maximum allowable Relative Positional Precision outlined in Section 3.E.v. below is not exceeded.
  - v. The maximum allowable Relative Positional Precision for an ALTA/NSPS Land Title Survey is 2 cm (0.07 feet) plus 50 parts per million (based on the direct distance between the two

corners being tested). It is recognized that in certain circumstances, the size or configuration of the surveyed property, or the relief, vegetation, or improvements on the surveyed property, will result in survey measurements for which the maximum allowable Relative Positional Precision may be exceeded in which case the reason shall be noted pursuant to Section 6.B.x. below.

4. **Records Research** - It is recognized that for the performance of an ALTA/NSPS Land Title Survey, the surveyor will be provided with appropriate and, when possible, legible data that can be relied upon in the preparation of the survey. In order to complete an ALTA/NSPS Land Title Survey, the surveyor must be provided with the following:
- A. The current record description of the real property to be surveyed or, in the case of an original survey prepared for purposes of locating and describing real property that has not been previously separately described in documents conveying an interest in the real property, the current record description of the parent parcel that contains the property to be surveyed;
  - B. Complete copies of the most recent title commitment or, if a title commitment is not available, other title evidence satisfactory to the title insurer;
  - C. The following documents from records established under state statutes for the purpose of imparting constructive notice of matters relating to real property (public records):
    - i. The current record descriptions of any adjoiners to the property to be surveyed, except where such adjoiners are lots in platted, recorded subdivisions;
    - ii. Any recorded easements benefitting the property to be surveyed; and
    - iii. Any recorded easements, servitudes, or covenants burdening the property to be surveyed; and
  - D. If desired by the client, any unrecorded documents affecting the property to be surveyed and containing information to which the survey shall make reference.

Except, however, if the documents outlined in this section are not provided to the surveyor or if non-public or quasi-public documents are otherwise required to complete the survey, the surveyor must conduct that research which is required pursuant to the statutory or administrative requirements of the jurisdiction where the surveyed property is located and that research (if any) which is negotiated and outlined in the terms of the contract between the surveyor and the client.

5. **Fieldwork** - The survey must be performed on the ground (except as may be otherwise negotiated pursuant to Table A, Item 15 below). Except as related to the precision of the boundary, which is addressed in Section 3.E. above, features located during the fieldwork shall be located to what is, in the surveyor's professional opinion, the appropriate degree of precision based on (a) the planned use of the surveyed property, if reported in writing to the surveyor by the client, lender, or insurer, or (b) the existing use, if the planned use is not so reported. The fieldwork shall include the following:

**A. Monuments**

- i. The location, size, character, and type of any monuments found during the fieldwork.
- ii. The location, size, character, and type of any monuments set during the fieldwork, if item 1 of Table A was selected or if otherwise required by applicable jurisdictional requirements and/or standards of practice.
- iii. The location, description, and character of any lines that control the boundaries of the surveyed property.

**B. Rights of Way and Access**

- i. The distance from the appropriate corner or corners of the surveyed property to the nearest right of way line, if the surveyed property does not abut a right of way.
- ii. The name of any street, highway, or other public or private way abutting the surveyed property, together with the width of the travelled way and the location of each edge of the travelled way including on divided streets and highways. If the documents provided to or obtained by the surveyor pursuant to Section 4 indicate no access from the surveyed property to the abutting street or highway, the width and location of the travelled way need not

- be located.
- iii. Visible evidence of physical access (e.g., curb cuts, driveways) to any abutting streets, highways, or other public or private ways.
  - iv. The location and character of vehicular, pedestrian, or other forms of access by other than the apparent occupants of the surveyed property to or across the surveyed property observed in the process of conducting the fieldwork (e.g., driveways, alleys, private roads, railroads, railroad sidings and spurs, sidewalks, footpaths).
  - v. Without expressing a legal opinion as to ownership or nature, the location and extent of any potentially encroaching driveways, alleys, and other ways of access from adjoining properties onto the surveyed property observed in the process of conducting the fieldwork.
  - vi. Where documentation of the location of any street, road, or highway right of way abutting, on, or crossing the surveyed property was not disclosed in documents provided to or obtained by the surveyor, or was not otherwise available from the controlling jurisdiction (see Section 6.C.iv. below), the evidence and location of parcel corners on the same side of the street as the surveyed property recovered in the process of conducting the fieldwork which may indicate the location of such right of way lines (e.g., lines of occupation, survey monuments).
  - vii. Evidence of access to and from waters adjoining the surveyed property observed in the process of conducting the fieldwork (e.g., paths, boat slips, launches, piers, docks).
- C. Lines of Possession and Improvements along the Boundaries**
- i. The character and location of evidence of possession or occupation along the perimeter of the surveyed property, both by the occupants of the surveyed property and by adjoining, observed in the process of conducting the fieldwork.
  - ii. Unless physical access is restricted, the character and location of all walls, buildings, fences, and other improvements within five feet of each side of the boundary lines observed in the process of conducting the fieldwork (see Section 5.E.iv. regarding utility poles). Trees, bushes, shrubs, and other vegetation need not be located other than as specified in the contract, unless they are deemed by the surveyor to be evidence of possession or occupation pursuant to Section 5.C.i.
  - iii. Without expressing a legal opinion as to the ownership or nature of the potential encroachment, the evidence, location, and extent of potentially encroaching structural appurtenances and projections observed in the process of conducting the fieldwork (e.g., fire escapes, bay windows, windows and doors that open out, flue pipes, stoops, eaves, cornices, areaways, steps, trim) by or onto adjoining property, or onto rights of way, easements, or setback lines disclosed in documents provided to or obtained by the surveyor.
- D. Buildings**  
The location of buildings on the surveyed property observed in the process of conducting the fieldwork.
- E. Easements and Servitudes**
- i. Evidence of any easements or servitudes burdening the surveyed property as disclosed in the documents provided to or obtained by the surveyor pursuant to Section 4 and observed in the process of conducting the fieldwork.
  - ii. Evidence of easements, servitudes, or other uses by other than the apparent occupants of the surveyed property not disclosed in the documents provided to or obtained by the surveyor pursuant to Section 4, but observed in the process of conducting the fieldwork if they are on or across the surveyed property (e.g., roads, drives, sidewalks, paths and other ways of access, utility service lines, utility locate markings (including the source of the markings, with a note if unknown), water courses, ditches, drains, telephone lines, fiber optic lines, electric lines, water lines, sewer lines, oil pipelines, gas pipelines).
  - iii. Surface indications of underground easements or servitudes on or across the surveyed property observed in the process of conducting the fieldwork (e.g., utility cuts, vent pipes, filler pipes, utility locate markings (including the source of the markings, with a note if unknown)).

- iv. Evidence on or above the surface of the surveyed property observed in the process of conducting the fieldwork, which evidence may indicate utilities located on, over or beneath the surveyed property. Examples of such evidence include pipeline markers, utility locate markings (including the source of the markings, with a note if unknown), manholes, valves, meters, transformers, pedestals, clean-outs, overhead lines, guy wires, and utility poles on or within ten feet of the surveyed property. Without expressing a legal opinion as to the ownership or nature of the potential encroachment, the extent of all encroaching utility pole crossmembers or overhangs.
  - F. **Cemeteries**  
As accurately as the evidence permits, the perimeter of cemeteries and burial grounds, and the location of isolated gravesites not within a cemetery or burial ground, (i) disclosed in the documents provided to or obtained by the surveyor, or (ii) observed in the process of conducting the fieldwork.
  - G. **Water Features**
    - i. The location of springs, ponds, lakes, streams, rivers, canals, ditches, marshes, and swamps on, running through, or outside, but within five feet of, the perimeter boundary of the surveyed property and observed during the process of conducting the fieldwork.
    - ii. The location of any water feature forming a boundary of the surveyed property. The attribute(s) of the water feature located (e.g., top of bank, edge of water, high water mark) should be congruent with the boundary as described in the record description or, in the case of an original survey, in the new description (see Section 6.B.vi. below).
6. **Plat or Map** - A plat or map of an ALTA/NSPS Land Title Survey shall show the following information. Where dimensioning is appropriate, dimensions shall be annotated to what is, in the surveyor's professional opinion, the appropriate degree of precision based on (a) the planned use of the surveyed property, if reported in writing to the surveyor by the client, lender, or insurer, or (b) existing use, if the planned use is not so reported.
- A. **Field Locations.** The evidence and locations gathered, and the monuments and lines located during the fieldwork pursuant to Section 5 above, with accompanying notes if deemed necessary by the surveyor or as otherwise required as specified below.
  - B. **Boundary, Descriptions, Dimensions, and Closures**
    - i. (a) The current record description of the surveyed property, or  
(b) In the case of an original survey, the current record document number of the parent tract that contains the surveyed property.
    - ii. Any new description of the surveyed property that was prepared in conjunction with the survey, including a statement explaining why the new description was prepared. Except in the case of an original survey, preparation of a new description should be avoided unless deemed necessary or appropriate by the surveyor and insurer. Preparation of a new description should also generally be avoided when the record description is a lot or block in a platted, recorded subdivision. Except in the case of an original survey, if a new description is prepared, a note must be provided stating (a) that the new description describes the same real estate as the record description or, (b) if it does not, how the new description differs from the record description.
    - iii. The point of beginning, the remote point of beginning or point of commencement (if applicable) and all distances and directions identified in the record description of the surveyed property (and in the new description, if one was prepared). Where a measured or calculated dimension differs from the record by an amount deemed significant by the surveyor, such dimension must be shown in addition to, and differentiated from, the corresponding record dimension. All dimensions shown on the survey and contained in any new description must be horizontal ground dimensions unless otherwise noted.
    - iv. The direction, distance and curve data necessary to compute a mathematical closure of the surveyed boundary. A note if the record description does not mathematically close. The basis

- of bearings and, where it differs from the record basis, the difference.
- v. The remainder of any recorded lot or existing parcel, when the surveyed property is composed of only a portion of such lot or parcel, shall be graphically depicted. Such remainder need not be included as part of the actual survey, except to the extent necessary to locate the lines and corners of the surveyed property, and it need not be fully dimensioned or drawn at the same scale as the surveyed property.
  - vi. When the surveyed property includes a title line defined by a water boundary, a note on the face of the plat or map noting the date the boundary was measured, which attribute(s) of the water feature was/were located, and the caveat that the boundary is subject to change due to natural causes and that it may or may not represent the actual location of the limit of title. When the surveyor is aware of natural or artificial realignments or changes in such boundaries, the extent of those changes and facts shall be shown or explained.
  - vii. The relationship of the boundaries of the surveyed property to its adjoiners (e.g., contiguity, gaps, overlaps) where ascertainable from documents provided to or obtained by the surveyor pursuant to Section 4 and/or from field evidence gathered during the process of conducting the fieldwork. If the surveyed property is composed of multiple parcels, the extent of any gaps or overlaps between those parcels must be identified. Where gaps or overlaps are identified, the surveyor must, prior to or upon delivery of the final plat or map, disclose this to the insurer and client.
  - viii. When, in the opinion of the surveyor, the results of the survey differ significantly from the record, or if a fundamental decision related to the boundary resolution is not clearly reflected on the plat or map, the surveyor must explain this information with notes on the face of the plat or map.
  - ix. The location of buildings on the surveyed property dimensioned perpendicular to those perimeter boundary lines that the surveyor deems appropriate (i.e., where potentially impacted by a setback line) and/or as requested by the client, lender or insurer.
  - x. A note on the face of the plat or map explaining the site conditions that resulted in a Relative Positional Precision that exceeds the maximum allowed pursuant to Section 3.E.v.
  - xi. A note on the face of the plat or map identifying areas, if any, on the boundaries of the surveyed property, to which physical access within five feet was restricted (see Section 5.C.ii.).
  - xii. A note on the face of the plat or map identifying the source of the title commitment or other title evidence provided pursuant to Section 4, and the effective date and the name of the insurer of same.
- C. Easements, Servitudes, Rights of Way, Access, and Documents**
- i. The location, width, and recording information of all plottable rights of way, easements, and servitudes burdening and benefitting the surveyed property, as evidenced by documents provided to or obtained by the surveyor pursuant to Section 4.
  - ii. A summary of all rights of way, easements, and other survey-related matters burdening the surveyed property and identified in the title evidence provided to or obtained by the surveyor pursuant to Section 4. Such summary must include the record information of each such right of way, easement or other survey-related matter, a statement indicating whether it lies within or crosses the surveyed property, and a related note if:
    - (a) its location is shown;
    - (b) its location cannot be determined from the record document;
    - (c) there was no observed evidence at the time of the fieldwork;
    - (d) it is a blanket easement;
    - (e) it is not on, does not touch, and/or - based on the description contained in the record document – does not affect, the surveyed property;
    - (f) it limits access to an otherwise abutting right of way;
    - (g) the documents are illegible; or
    - (h) the surveyor has information indicating that it may have been released or otherwise

terminated.

In cases where the surveyed property is composed of multiple parcels, indicate which of such parcels the various rights of way, easements, and other survey-related matters cross or touch.

- iii. A note if no physical access to an abutting street, highway, or other public or private way was observed in the process of conducting the fieldwork.
- iv. The locations and widths of rights of way abutting or crossing the surveyed property and the source of such information, (a) where available from the controlling jurisdiction, or (b) where disclosed in documents provided to or obtained by the surveyor pursuant to Section 4.
- v. The identifying titles of all recorded plats, filed maps, right of way maps, or similar documents that the survey represents, wholly or in part, with their recording or filing data.
- vi. For non-platted adjoining land, recording data and, where available, tax parcel number, identifying adjoining tracts according to current public records. For platted adjoining land, the recording data of the subdivision plat.
- vii. Platted setback or building restriction lines that appear on recorded subdivision plats or that were disclosed in documents provided to, or obtained by, the surveyor.
- viii. If in the process of preparing the survey the surveyor becomes aware of a recorded easement not otherwise listed in the title evidence provided, the surveyor must advise the insurer prior to delivery of the plat or map and, unless the insurer provides evidence of a release of that easement, show or otherwise explain it on the face of the plat or map, with a note that the insurer has been advised.

**D. Presentation**

- i. The plat or map must be drawn on a sheet of not less than 8 ½ by 11 inches in size at a legible, standard engineering scale, with that scale clearly indicated in words or numbers and with a graphic scale.
- ii. The plat or map must include:
  - (a) The boundary of the surveyed property drawn in a manner that distinguishes it from other lines on the plat or map.
  - (b) If no buildings were observed on the surveyed property in the process of conducting the fieldwork, a note stating "*No buildings observed.*"
  - (c) A north arrow (with north to the top of the drawing when practicable).
  - (d) A legend of symbols and abbreviations.
  - (e) A vicinity map showing the surveyed property in reference to nearby highway(s) or major street intersection(s).
  - (f) Supplementary or detail diagrams when necessary.
  - (g) Notes explaining any modifications to Table A items and the nature of any additional Table A items (e.g., 20(a), 20(b), 20(c)) that were negotiated between the surveyor and client.
  - (h) The surveyor's project number (if any), and the name, registration or license number, signature, seal, street address, telephone number, company website, and email address (if any) of the surveyor who performed the survey.
  - (i) The date(s) of any revisions made by the surveyor who performed the survey.
  - (j) Sheet numbers where the plat or map is composed of more than one sheet.
  - (k) The caption "ALTA/NSPS Land Title Survey."
- iii. When recordation or filing of a plat or map is required by state statutes or local ordinances, such plat or map shall be produced in the required form.

7. **Certification** - The plat or map of an ALTA/NSPS Land Title Survey must bear only the following unaltered certification except as may be required pursuant to Section 3.B. above:

To (name of insured, if known), (name of lender, if known), (name of insurer, if known), (names of others as negotiated with the client):

---

This is to certify that this map or plat and the survey on which it is based were made in accordance with the 2021 Minimum Standard Detail Requirements for ALTA/NSPS Land Title Surveys, jointly established and adopted by ALTA and NSPS, and includes Items \_\_\_\_\_ of Table A thereof. The fieldwork was completed on \_\_\_\_\_ [date].

Date of Plat or Map: \_\_\_\_\_ (Surveyor's signature, printed name and seal with Registration/License Number)

8. **Deliverables** - The surveyor shall furnish copies of the plat or map of survey to the insurer and client and as otherwise negotiated with the client. Hard copies shall be on durable and dimensionally stable material of a quality standard acceptable to the insurer. A digital image of the plat or map may be provided in addition to, or in lieu of, hard copies pursuant to the terms of the contract. If the surveyor is required to record or file a plat or map pursuant to state statute or local ordinance it shall be so recorded or filed.

**TABLE A**

**OPTIONAL SURVEY RESPONSIBILITIES AND SPECIFICATIONS**

*NOTE: Whether any of the nineteen (19) items of Table A are to be selected, and the exact wording of and fee for any selected item, may be negotiated between the surveyor and client. Any additional items negotiated between the surveyor and client must be identified as 20(a), 20(b), etc. Any additional items negotiated between the surveyor and client, and any negotiated changes to the wording of a Table A item, must be explained pursuant to Section 6.D.ii.(g). Notwithstanding Table A Items 5 and 11, if an engineering design survey is desired as part of an ALTA/NSPS Land Title Survey, such services should be negotiated under Table A, Item 20.*

*If checked, the following optional items are to be included in the ALTA/NSPS LAND TITLE SURVEY, except as otherwise qualified (see note above):*

1. \_\_\_\_\_ Monuments placed (or a reference monument or witness to the corner) at all major corners of the boundary of the surveyed property, unless already marked or referenced by existing monuments or witnesses in close proximity to the corner.
2. \_\_\_\_\_ Address(es) of the surveyed property if disclosed in documents provided to or obtained by the surveyor, or observed while conducting the fieldwork.
3. \_\_\_\_\_ Flood zone classification (with proper annotation based on federal Flood Insurance Rate Maps or the state or local equivalent) depicted by scaled map location and graphic plotting only.
4. \_\_\_\_\_ Gross land area (and other areas if specified by the client).
5. \_\_\_\_\_ Vertical relief with the source of information (e.g., ground survey, aerial map), contour interval, datum, with originating benchmark, when appropriate.
6. \_\_\_\_\_ (a) If the current zoning classification, setback requirements, the height and floor space area restrictions, and parking requirements specific to the surveyed property are set forth in a zoning report or letter provided to the surveyor by the client or the client's designated representative, list the above items on the plat or map and identify the date and source of the report or letter.  
\_\_\_\_\_ (b) If the zoning setback requirements specific to the surveyed property are set forth in a zoning report or letter provided to the surveyor by the client or the client's designated representative, and if those requirements do not require an interpretation by the surveyor, graphically depict those requirements on the plat or map and identify the date and source of the report or letter.
7. \_\_\_\_\_ (a) Exterior dimensions of all buildings at ground level.  
\_\_\_\_\_ (b) Square footage of:  
\_\_\_\_\_ (1) exterior footprint of all buildings at ground level.  
\_\_\_\_\_ (2) other areas as specified by the client.  
\_\_\_\_\_ (c) Measured height of all buildings above grade at a location specified by the client. If no location is specified, the point of measurement shall be identified.
8. \_\_\_\_\_ Substantial features observed in the process of conducting the fieldwork (in addition to the improvements and features required pursuant to Section 5 above) (e.g., parking lots, billboards, signs, swimming pools, landscaped areas, substantial areas of refuse).
9. \_\_\_\_\_ Number and type (e.g., disabled, motorcycle, regular and other marked specialized types) of clearly identifiable parking spaces on surface parking areas, lots and in parking structures.

*Striping of clearly identifiable parking spaces on surface parking areas and lots.*

10. \_\_\_\_\_ As designated by the client, a determination of the relationship and location of certain division or party walls with respect to adjoining properties.

11. Evidence of underground utilities existing on or serving the surveyed property (in addition to the observed evidence of utilities required pursuant to Section 5.E.iv.) as determined by:

\_\_\_\_\_ (a) plans and/or reports provided by client (with reference as to the sources of information)

\_\_\_\_\_ (b) markings coordinated by the surveyor pursuant to a private utility locate request

*Note to the client, insurer, and lender - With regard to Table A, item 11, information from the sources checked above will be combined with observed evidence of utilities pursuant to Section 5.E.iv. to develop a view of the underground utilities. However, lacking excavation, the exact location of underground features cannot be accurately, completely, and reliably depicted. In addition, in some jurisdictions, 811 or other similar utility locate requests from surveyors may be ignored or result in an incomplete response, in which case the surveyor shall note on the plat or map how this affected the surveyor's assessment of the location of the utilities. Where additional or more detailed information is required, the client is advised that excavation may be necessary.*

12. \_\_\_\_\_ As specified by the client, Governmental Agency survey-related requirements (e.g., HUD surveys, surveys for leases on Bureau of Land Management managed lands). The relevant survey requirements are to be provided by the client or client's designated representative.

13. \_\_\_\_\_ Names of adjoining owners according to current tax records. If more than one owner, identify the first owner's name listed in the tax records followed by "et al."

14. \_\_\_\_\_ As specified by the client, distance to the nearest intersecting street.

15. \_\_\_\_\_ Rectified orthophotography, photogrammetric mapping, remote sensing, airborne/mobile laser scanning and other similar products, tools or technologies as the basis for showing the location of certain features (excluding boundaries) where ground measurements are not otherwise necessary to locate those features to an appropriate and acceptable accuracy relative to a nearby boundary. The surveyor must (a) discuss the ramifications of such methodologies (e.g., the potential precision and completeness of the data gathered thereby) with the insurer, lender, and client prior to the performance of the survey, and (b) place a note on the face of the survey explaining the source, date, precision, and other relevant qualifications of any such data.

16. \_\_\_\_\_ Evidence of recent earth moving work, building construction, or building additions observed in the process of conducting the fieldwork.

17. \_\_\_\_\_ Proposed changes in street right of way lines, if such information is made available to the surveyor by the controlling jurisdiction. Evidence of recent street or sidewalk construction or repairs observed in the process of conducting the fieldwork.

18. \_\_\_\_\_ Pursuant to Sections 5 and 6 (and applicable selected Table A items, excluding Table A item 1), include as part of the survey any plottable offsite (i.e., appurtenant) easements disclosed in documents provided to or obtained by the surveyor.

19. \_\_\_\_\_ Professional liability insurance policy obtained by the surveyor in the minimum amount of \$\_\_\_\_\_ to be in effect throughout the contract term. Certificate of insurance to be furnished upon request, but this item shall not be addressed on the face of the plat or map.

20. \_\_\_\_\_

### **WORKERS' COMPENSATION CERTIFICATION**

Labor Code Section 3700 provides, in relevant part:

Every employer except the State shall secure the payment of compensation in one or more of the following ways:

- By being insured against liability to pay compensation by one or more insurers duly authorized to write compensation insurance in this State.
- By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing satisfactory proof to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to its employees.

I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the Work of this Contract.

## **FINGERPRINTING CERTIFICATION/CRIMINAL BACKGROUND INVESTIGATION**

The undersigned does hereby certify to District that I am a representative of Consultant entering into this Agreement with District; that I am familiar with the facts herein certified; and that I am authorized and qualified to execute this certificate on behalf of Consultant.

Consultant certifies that it has taken at least one of the following actions (check all that apply):

- ☐ The Work of the Agreement is either (i) at an unoccupied school site and no employee and/or subcontractor or supplier of any tier of the Agreement shall come in contact with District pupils or (ii) if Consultant's employees or any subcontractor or supplier of any tier of the Contract interacts with pupils, such interaction shall only take place under the immediate supervision and control of the pupil's parent or guardian or a school employee, so that the fingerprinting and criminal background investigation requirements of Education Code section 45125.1 shall not apply to Consultant under the Agreement.
- ☐ Consultant, who is not a sole proprietor, has complied with the fingerprinting requirements of Education Code section 45125.1 with respect to all Consultant's employees and all of its subcontractors' employees who may have contact with District pupils in the course of providing services pursuant to the Agreement, and the California Department of Justice has determined (A) that none of those employees has been convicted of a felony, as that term is defined in Education Code section 45122.1 and/or (B) that the prohibition does not apply to an employee as provided by Education Code section 45125.1(e)(2) or (3). When Consultant performs the criminal background check, it shall immediately provide any subsequent arrest and conviction information it receives to District pursuant to the subsequent arrest service. No work shall commence until the Department of Justice ascertains that Consultant's employees and any subcontractors' employees have not been convicted of a felony as defined in Education Code Section 45122.1.

**A complete and accurate list of Consultant's employees and of all of its subcontractors' employees who may come in contact with District pupils during the course and scope of the Agreement is attached hereto as ATTACHMENT "A."**

- ☐ Consultant is a sole proprietor and intends to comply with the fingerprinting requirements of Education Code section 45125.1(h) with respect to all Consultant's employees who may have contact with District pupils in the course of providing services pursuant to the Agreement, and hereby agrees to District's preparation and submission of fingerprints such that the California Department of Justice may determine (A) that none of those employees has been convicted of a felony, as that term is defined in Education Code section 45122.1 and/or (B) that the prohibition does not apply to an employee as provided by Education Code section 45125.1(e)(2) or (3). No work shall commence until the Department of Justice ascertains that Consultant has not been convicted of a felony as defined in Education Code Section 45122.1.

Consultant's responsibility for background clearance extends to all of its employees, subcontractors, and employees of subcontractors coming into contact with District pupils regardless of whether they are designated as employees or acting as independent contractors of Consultant.
