Re: Coleman Elementary School Construction Update

Dear Neighbors,

On behalf of the San Rafael City Schools (SRCS) Board of Education, we are excited to share that progress is underway on school bond Measures B & C, generously approved by voters in 2022, to update our facilities across the District.

As part of the work, SRCS is renovating the Coleman Elementary School campus. To prepare the campus, designs for the Coleman Elementary School have been completed and construction is planned to begin June 17, 2024 and continue through May 2025. Upgrades to the campus will include adding a new two-classroom building for Transitional Kindergarten (TK) classes; a new one classroom building for an Extended Learning Opportunity Center (ELOC); a new TK playground with shade structure; new basketball courts; new ball wall; new playground striping; new planting; and accessibility improvements.

Unfortunately, we understand that construction of any nature can be disruptive, but we will make every effort to minimize the inconvenience to the surrounding community. In accordance with the City of San Rafael noise regulations, construction hours will be restricted to 7:00 am to 6:00 pm Monday through Friday and 9:00 am to 6:00 pm on Saturdays.

If you have any questions or concerns regarding the construction at Coleman Elementary School, please contact our construction manager, Molly Burke at 415-492-3208 or [Molly.Burke@VPCSONline.com](mailto:Molly.Burke@VPCSONline.com). Additional information and weekly updates will be posted on our website at [www.srcsbondprogram.org](http://www.srcsbondprogram.org).

We appreciate your patience through the duration of this year-long project to help improve our Coleman campus and our community.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Tim Ryan', with a stylized flourish extending to the right.

Tim Ryan
