Re: Venetia Valley TK-8 School Construction Update

Dear Neighbors,

On behalf of the San Rafael City Schools (SRCS) Board of Education, we are excited to share that progress is underway on school bond Measures B & C, generously approved by voters in 2022, to update our facilities across the District.

As part of the work, SRCS is renovating the Venetia Valley TK-8 School campus. To prepare the campus, designs for the Venetia Valley TK-8 School have been completed and construction is planned to begin June 17, 2024 and continue through May 2025. Upgrades to the campus will include demolition of existing Transitional Kindergarten (TK) building; a new two-classroom building for TK classes; a new TK playground with shade structure; upgrades to the Middle School Quad; widening the bus drop off lane at parking lot; new planting; and accessibility improvements.

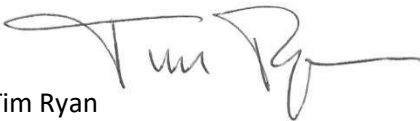

Ongoing with be the completion of the Venetia Valley School Storm Drain and New Toilet Building project. This project has run into delays.

Unfortunately, we understand that construction of any nature can be disruptive, but we will make every effort to minimize the inconvenience to the surrounding community. In accordance with the City of San Rafael noise regulations, construction hours will be restricted to 7:00 am to 6:00 pm Monday through Friday and 9:00 am to 6:00 pm on Saturdays.

If you have any questions or concerns regarding the construction at Venetia Valley TK-8 School, please contact our construction manager, Molly Burke at 415-492-3208 or Molly.Burke@VPCSONline.com. Additional information and weekly updates will be posted on our website at www.srcsbondprogram.org.

We appreciate your patience through the duration of this year-long project to help improve our Venetia Valley campus and our community.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tim Ryan', with a stylized flourish at the end.
