

Glenwood Elementary School Construction Update

Since breaking ground on June 18th, we have expedited summer construction activities in order to minimize disruption when school is in session. The construction site has been excavated and the foundation is mostly in place for the new Multi-Purpose Room. You'll see much progress during the school year as we anticipate the project will be completed in spring 2019.

June 2018
Construction started

August 2018
Foundations in place; wall framing to begin

May 2019
Substantial completion of construction

If you have any questions, please contact Dr. Dan Zaich, 415-492-3285 or dzaich@srcs.org.
