Re: Sun Valley Construction Update

Dear Neighbors,

On behalf of the San Rafael City Schools (SRCS) Board of Education, we are excited to share that progress is underway on school bond Measures B & C, generously approved by voters in 2022, to update our facilities across the District.

As part of the work, SRCS is renovating the Sun Valley Elementary School campus. To prepare the campus, designs for the Sun Valley Elementary School have been completed and construction is planned to begin May 9, 2024 and continue through May 2025. Upgrades to the campus will include adding a new three-classroom building for Transition Kindergarten (TK) classes; a new TK playground; two new shade structures; new planting; and accessibility improvements.

Unfortunately, we understand that construction of any nature can be disruptive, but we will make every effort to minimize the inconvenience to the surrounding community. In accordance with the City of San Rafael noise regulations, construction hours will be restricted to 7:00 am to 6:00 pm Monday through Friday and 9:00 am to 6:00 pm on Saturdays.

If you have any questions or concerns regarding the construction at Sun Valley Elementary School, please contact our construction manager, Molly Burke at 415-492-3208 or Molly.Burke@VPCSONline.com. Additional information and weekly updates will be posted on our website at www.srcsbondprogram.org.

We appreciate your patience through the duration of this year-long project to help improve our Sun Valley and our community.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Tim Ryan', with a stylized flourish at the end.

Tim Ryan
Senior Director of Strategic Facility Planning
San Rafael City Schools
