

NOTICE OF PUBLIC HEARING

Notice is hereby given pursuant to California Government Code section 4217.10 et seq. , the San Rafael City Schools (SRCS) has completed the review of proposals from contractors in response to the Request for Proposals for the SRCS District-Wide Solar Photovoltaic (PV) Power Purchase Agreement (PPA) Project. The Project consists of the design, construction, commissioning, and maintenance of new solar PV arrays at six District-owned sites, including Bahia Vista Elementary School, Davidson Middle School, San Rafael High School, Sun Valley Elementary School, Terra Linda High School, and Venetia Valley K-8.

Notice is further given that pursuant to California Government Code section 4217.12, the SRCS Governing Board will hold a public hearing to consider awarding a Power Purchase Agreement to NextEra Energy Resources (NEER) for the Project. The Public Hearing will be held on or after August 28, 2023 at 6:00 pm PT, or as soon thereafter as practicable, in the SRCS District Office at 310 Nova Albion Way, San Rafael, CA 94903. All interested persons may appear and be heard at the public hearing.

In order to make the award of the Power Purchase Agreement, the SRCS Governing Board is required to make findings that the cost to SRCS to implement the energy related improvements per the PPA will be less than the anticipated marginal cost to SRCS of thermal, electrical, or other energy that would have been consumed by SRCS in absence of purchasing the energy improvements under the PPA.

Copies of the PPA Contract, Governing Board resolution, and other supporting documents will be available online at the time of the SRCS Governing Board meeting: https://srcs.org/22637_2 and also available at the Public Hearing.
